OF VIRGINIA**  
Protection & Advocacy for Virginians with Disabilities

## Event Overview:

The [disAbility Law Center of Virginia \(dLCV\)](https://dLCV.org) will virtually host a disAbility Rights and Resources Summit on **September 21st, 2023 from 9:00 am - 5:00 pm**. We will attract attendees from across the Commonwealth who are **interested in learning more about the available resources and services** that dLCV and our partnering organizations offer to members of the disability community.

Our summit will feature **5 main tracks** that speak to the needs and challenges of individuals with disabilities. These tracks and speaker topics were developed with direct feedback from our stakeholders. They include systemic, education, employment, community supports and intersectionality. Attendees can select a track that best speaks to their subject area knowledge, curiosities, or personal needs. Educational sessions will be hosted by dLCV staff and presenters from outside organizations. **This event is free to the public, and we expect around 300 attendees.**

### Through your support:

- Residents of Virginia will learn more about available **resources, services and legal protections for people with disabilities.**
- People with disabilities and their loved ones will **connect with community resources** that support **independent and integrated community living.**
- Attendees will learn more about disability issues and how we, together, can move closer towards our vision: **a Commonwealth free of legal barriers for individuals with disabilities.**

## Who are we?

The disAbility Law Center of Virginia is the designated Protection and Advocacy organization for Virginians with disabilities. Formerly a government agency, we transitioned to a fully independent private nonprofit organization in 2013. While many organizations work to support people with disabilities, only protection and advocacy agencies (P&As) are federally mandated to protect the basic human rights of people with disabilities. Our services include information and referral, legal representation, technical assistance, short-term assistance, systemic advocacy, monitoring and training for Virginians in need. Our services are provided free of charge. dLCV is registered with the Internal Revenue Service as a 501(c)3, which makes your donation tax-deductible. Read more about our goals and focus areas at:
