Caroline	Helping with a program that focuses on foster children

Approval of Minutes

The minutes from April 29, 2023 were approved.
 Edits to Minutes: Nicole corrected the date and time on the minutes.

Agenda Items

Board Updates	Nicole and Zipporah created a shared google folder including a form to use for sharing updates for the Facebook page and relevant educational materials. There are two upcoming vacancies to be filled on the board. Henry shares that Center for Democracy and Technology is recruiting participants for a research project. Henry provided updates on the building purchase.
Litigation Report	Colleen reviewed litigation dLCV is involved in or relevant to dLCV.
FY24 PAIMI Objective Overview	Becka informed the Council about the impact project focusing on the TDO process. Becka talked about the extraordinary barriers list (EBL) and how dLCV will focus on this. dLCV will research on how to address the EBL concern. dLCV will focus on systemic change, and as a result, there will be a reduction in individual cases, especially mental illness cases because psychiatric institutions are very insular and resistant to systemic change. There will only be data monitoring for the training center. For goals in public awareness, dLCV wants to expand awareness in the Asian community, the Latinx community, and foster care and kinship housing.
Subcommittee Updates	Weston is having difficulty getting a date for the subcommittee meeting and getting people to commit to meetings. Weston asked about a dLCV email so emails aren't coming from personal Councilmembers. Nicole recommended meeting with Zipporah to plan
Recruitment	Nicole mentioned that there have not been any applications received in the past two quarters. Nicole will start pushing PAC recruitment on social media and outreach at dLCV. Every area needs more representation except Northern and Central VA. Members shared ideas to include having a QR code, a digital badge, marketing materials that can live on the google drive, reaching out to former Councilmembers
Next meeting	TBD, Zipporah will talk with the Board about their next meeting the following Saturday and send an email to Councilmembers to plan the October date.

Adjourned

Motion to adjourn made at 1:30 PM and passed unanimously.
